# SM-110 series

## Versatile Scale Printer for Store Operations

Weigh quickly, print rapidly to increase throughput.

SM-110 series designed to meet the weighing needs of any retail store. This Series provides the best value for your store's operation.

### RELIABLE PRINTING MECHANISM

Changing the thermal paper roll is easy through the large opening in the scale housing which enables quick loading of the label or receipt roll. This access ensures easy handling of rolls and maintenance at the store level, reducing waste, error and costs.

### POWERFUL COMMUNICATION CAPABILITIES STANDARD

Through the standard Ethernet or RS-232 interface, inter-scale and store controller communication is readily available.

With the Wireless LAN network interface, scale installation locations can quickly change without added costs. ( Wireless network card is optional.)

Quick weight stabilization and fast label / receipt printing allows the operator to serve more customers and increase volume of the operation. Barcode Scanner can also be connected to enhance the operation. Nutritional facts and traceability information can be easily designed and printed for better customer service.
